Para montar corretamente as portas deslizantes, siga as instruções abaixo:

- Coloque o rolo com o ajuste "O" na lateral da alça e o rolo não regulado "P" no lado oposto à alça.
- As guias "Q" devem ser fixas, inicialmente com apenas um parafuso "R", que não deve ser apertado até o final, antes de encaixar a porta nos trilhos.
- Engate a porta no gabinete conforme indicado abaixo e depois levante a guia "Q", deixando um descanso entre a guia e o trilho (para melhor locomoção da porta) e aperte o primeiro parafuso.
- Coloque o segundo parafuso em cada guia.

Para montar correctamente las puertas correderas, siga las siguientes instrucciones:

- Coloque el rodillo con ajuste "O" en el lado del tirador y el rodillo sin regulación "P" en el lado opuesto al tirador.
- Las guías "Q" deben fijarse, inicialmente con sólo un tornillo "R", el cual no debe ser apretado hasta el final, antes de encajar la puerta en los rieles.
- Enganche la puerta en el mueble como se indica a continuación y luego levante la guía "Q", dejando un descanso entre la guía y el riel (para mejor locomoción de la puerta) y apriete el primer tornillo.
- Luego coloque el segundo tornillo en cada guía.

To correctly mount the sliding doors, follow the instructions below:

- Place the roller with adjustment "O" on the side of the handle and the unregulated roller "P" on the side opposite the handle.
- The "Q" guides should be fixed, initially with only one "R" screw, which should not be tightened until the end, before fitting the door to the rails.
- Hook the door into the cabinet as indicated below and then lift the "Q" guide, leaving a rest between the guide and the rail (for better locomotion of the door) and tighten the first screw.
- Then place the second screw in each guide.

Aviso:

- Uma porta não deve bater no puxador da outra, para isso, ajuste o freio contido no trilho superior.

Advertencia:

- Una puerta no debe golpear el tirador de la otra, para ello ajuste la parada contenida en el riel superior.

Warning:

- One door should not hit the handle of the other, for this adjust the stop contained in the top rail.
